Give OBAR a Piece of Your Mind (and a bit of your time)

Top producers are asking associations to “create points of entry that require short-term commitments and can show immediate impact on your association.” What a great idea!

So this year OBAR sharpened our committees into task forces and expanded the opportunities to channel your ideas, passion and energy into real action.

Experience what becoming a leader can do for you. Volunteer today at outerbanksrealtors.com/getinvolved.
